

I am sending this comment in regards to Low Power FM which threatens KLOVE. KLOVE has been a tremendous source of encouragement and guidance for not only me but for many people that I know. KLOVE provides a means for me as well as other Christian to gain insights to help me live and how to care for my fellow brothers and sisters. KLOVE also has segments through out their broadcasting day that gives news, commentaries, and ideas which aid in daily life. To loose KLOVE would have a tremendous impact on the community, my family, and me. Please consider this decision carefully and the positive impact that radio stations like KLOVE have on our society.
